Tomorrow's paper will be fully up to the Journal's high standard Sunday edition. No advertiser can afford to stay out of it.

"Opportunities" occur—they are events, or the results of events, and the news about them is usually printed first in the want ads.

The Journal acknowledges the receipt of a very pretty 1906 calendar from the West Florida Steam Bakery. It is a real beauty and is an ornament anywhere.

Mr. and Mrs. H. Hurne, and Mr. and Mrs. P. A. Johnson, of Morris, Ill., arrived in the city yesterday and will remain over for a few days in order to greet the winter here. They have been coming to Pensacola each winter for the past seven or eight years, and have many friends here.

Sheriff Hays Lewis, of Marianna, is in the city shaking hands with his numerous friends in Pensacola. The sheriff came to the city in charge of William F. Williams, the murderer of John White and Edwin Danahy, and remained over for a few days in order to greet his host of friends here.

Sheriff Lewis is almost as popular and widely known in Escambia county as he is in his own county, and whenever he visits Pensacola he is always greeted by those who have the good fortune to know him.

**SCHOOLS BOYS GUILTY OF DAMAGING CITY PROPERTY**

For some weeks past property owners have been complaining to the police that unknown parties were damaging their property by breaking and pulling off fence pickets, and otherwise destroying property. Although the matter was investigated the parties doing the work could not be located, but yesterday the sheriff and one of his deputies found evidence that caused them to look up a number of school boys.

Before finishing the work the sheriff and his deputy located several of the boys who had damaged property, and unless their parents repair the damage done or pay the cost of same the boys will be prosecuted.

## BUILDING OF FURNITURE! THE Y. M. C. A. DEDICATED

(Continued From First Page.)

felt throughout the length and breadth of the city of Pensacola.

Walter B. Abbott.

Mr. Abbott, who is General Secretary of the New Orleans Y. M. C. A., prefaced his remarks by paying some very pretty compliments to Pensacola, its harbor and its magnificent natural advantages, after which he took up the subject of his address: "The Association Spirit."

Mr. Abbott eloquently and forcefully detailed the work of the Association and pointed out the benefits to young men that followed membership as well as the benefits to the community at large from having a branch of the Association located in Pensacola.

He praised the public spirit that made such a magnificent building possible and spoke in glowing terms of the energy and self sacrifice displayed by those who had conceived the plan for a branch in this city and carried it to successful completion.

The dedication of the new building, said Mr. Abbott, marked an epoch in the religious life of Pensacola and too much could not be said of its importance.

He made an earnest appeal for men—moral men, physical men and Christian men, who would work for the up-building of their fellows.

The Association, he said, had always stood for the best in everything. Progress, in fact, was the keynote of its existence, for without progress and enterprise it would be impossible to hold the young men, which was its principal object.

"The Young Men's Christian Association has endeavored to take the spirit of Jesus Christ; to give men sound bodies, sound minds and a sound character."

Prayer was then offered by Rev. Julian S. Sibley, pastor of the First Presbyterian church, after which

J. H. Sherill,

General Secretary of the Pensacola Y. M. C. A., made a brief address upon the new branch of the Association, which he declared formally opened.

He, like those who preceded him, spoke of the great work the Association was carrying on and the immense benefits the young men of this city would derive from the newly opened building.

He paid eloquent tribute to the generosity of those who had given both time and money to make the work a success in this city and closed by asking who would be the first to put in application for membership.

The first application for membership was made by Chas. W. Gray, Mr. Gray wanted to take out a Junior membership card but his grizzled locks were again him and he had to pay full fare.

During the evening delicious refreshments were served by the Ladies' Auxiliary to the Association in the Cafe, adjoining the main office, after which Prof. Magee, physical director, explained the various apparatus in the gymnasium. A game of basket ball was the closing event of the evening.

The building committee of the Pensacola Young Men's Christian Association, to whom a large proportion of the credit is due for successfully carrying the work to completion, is as follows: W. K. Hyer, Jr., president; H. L. Covington, vice-president; Dr. J. H. Pierpont, secretary; J. R. Sanders, treasurer; Walker Ingraham, W. B. Ferriss, A. M. McMillan, R. M. Bushnell.

**THE "COFFEE HEART"**  
It is as Dangerous as the Tobacco or Whiskey Heart.

"Coffee heart" is common to many coffee users and is liable to send the owner to his or her long home if the drug is persisted in. You can run 30 or 40 yards and find out if your heart is troubled. A lady who was once a victim of the "coffee heart" writes from Oregon:

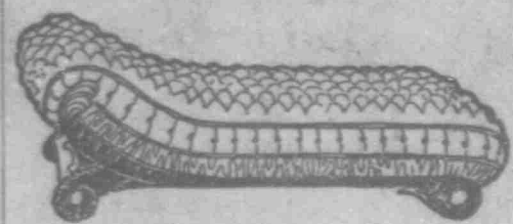

"I have been a habitual user of coffee all my life, and have suffered very much in recent years from ailments which I became satisfied were directly due to the poison in the beverage, such as torpid liver and indigestion, which in turn made my complexion blotchy and flabby."

"Then my heart became affected. It would beat most rapidly just after I drank my coffee, and go below normal as the coffee effect wore off. Sometimes my pulse would go as high as 137 beats to the minute. My family were greatly alarmed at my condition and at last mother persuaded me to begin the use of Postum Food Coffee."

"I gave up the old coffee entirely and absolutely, and made Postum my sole table beverage. This was 8 months ago, and all my ills, the indigestion, inactive liver and rickety heart action, have passed away, and my complexion has become clear and natural. The improvement set in very soon after I made the change, just as soon as the coffee poison had time to work out of my system."

"My husband has also been greatly benefited by the use of Postum, and we find that a simple breakfast with Postum, is as satisfying and more strengthening than the old heavier meal we used to have with the other kind of coffee." Name given by Postum Co., Battle Creek, Mich.

RELEASED BY  
THE GRAND  
JURY

Four Men Held for the Murder of

Dock Gully, Given Their

Liberty.

Four negroes, all of whom have been in the county jail for the past month, were yesterday released, the grand jury, which is now in session failing to return a true bill against them.

The negroes, who were Fortune Benbow, George Crumb, Fred Lee and Henry Sheppard, were charged with the murder of Dock Gully, colored. The latter was found dead near Bayou Texar one morning, and as he had been in company with the above men it was believed that he had been murdered by them in a game of dice.

The grand jury, however, after a most thorough investigation, could find no evidence that such was the case, and reported that no true bill could be found against the negroes, and they were accordingly released from custody.

It was the opinion that the grand jury was investigating the case of F. M. Turner, Jr., but this case has not yet been considered by the body. It is expected, however, that the investigation will commence this morning, and that the grand jury will remain in session until about Monday.

**PENSACOLA BAY BAPTIST ASS'N**

Special to The Journal.

Milton, Fla., Dec. 8.—The Pensacola Bay Baptist Association went into its annual organization this morning by re-electing J. W. Curtis as moderator and J. W. Senterfitt clerk. A good number of delegates arrived today and others are looked for to-morrow.

Reports on different subjects were made and a fine discussion delivered by various brethren. Rev. L. D. Geiger and Judge E. D. Beggs made forceful talks on the foreign mission report. The report on women's work will be presented to-morrow.

The Presbyterian church has kindly opened its doors through its pastor for our women's societies in case we need it.

Rev. L. D. Geiger's discourse on state missions to-night was edifying and instructive and the audience present was highly pleased with Brother W. T. Bundick's lecture.

By Associated Press.  
Constantinople, via Sofia, Dec. 8.—The ambassadors of the six powers at a conference just held have accepted some of the modifications proposed by the port to the original scheme for the financial control and an amended agreement has been forwarded to their respective governments for ratification. This is expected promptly, when the incident will be closed. The modifications accepted apparently in no way affect the efficacy of the scheme but are a slap given to the sultan's self esteem and his claims for recognition of an Ottoman representative in the financial commission and an agreement that the commission's decision should be submitted to the sultan for formal imperial sanction.
